

ABSTRACT OF THE DISCLOSURE

Music number # γ and one or more still images (e.g.,
IMG_01.IOB and IMG_04.IOB) related to music number # γ
are recorded in an audio card. In addition,
5 information (e.g., IPI#5) for setting the still image
(e.g., IMG_01.IOB) representing the contents of music
number # γ is also recorded in the audio card. In this
way, the representative image corresponding to the
recorded audio information (music number) can be set.
